

Speed Networking November 2017

On Tuesday 14th November, our year 10 students were given the chance to explore different careers at our Speed Networking event.

This was an exciting opportunity to create links between the classroom and the workplace and build aspirations for our students.

Professionals from various industries, including many Gunnersbury parents, gave up their afternoon to talk about their career and how their career path has enabled them to achieve success and a fulfilling career.

We had over 20 visitors covering a wide range of careers, including:

- Barrister
- Dentist
- Architect
- Chief Financial Officer
- TV Director
- Engineer
- Police Officer

Students spent five minutes with each professional, discussing that career and the qualifications they would need.
